- 6) Identification & preparation of Customer specific requirements (project wise). (R)
- 7) Product development (R & A)
- 8) Handover enquiry to works manager / Partner for quotation preparation (R)
- 9) Collection of quotation from Partner / Works Manager within 2 days (R)
- 10) Submission of Quotation as per customer quotation due date. (R & A)
- 11) Receive Customer schedule & hand over to the production process (R)
- 12) Make entry of Customer Complaint in Customer Complaint Register. (R)
- 13) Ensure the Corrective actions are taken for the Customer Complaints. (R & A)
- 14) Submission of CAPA report for the Customer Complaint to Customer. (R)
- 15) Take the Feedback from Customer & Measure the Effectiveness of Corrective action. (R)
- 16) Review the Schedule Vs Dispatch. (R & A)
- 17) Prepare Daily dispatch plan as per Customer requirements. (R & A)
- 18) Receive customer-drawing, specification & purchase order. (R)
- 19) Carry out the Customer Satisfaction survey for all customers once in year. (R)
- 20) Carry out the feasibility study for the entire new enquiry. (R & A)
- 21) Review the Customer Purchase order. (R & A)

Responsibility: DH Purchase

Reporting: Partner

- 1) Prepare the list of approved suppliers. (R)
- 2) Make the category of the supplier (i.e. Raw material, Brought out, Offloaded, Service, & Consumable ect.). (R)
- 3) Evaluate the new supplier & make assessment of new supplier. (R & A)
- 4) Planning for outsourcing components as per customer schedule (R)
- 5) Receive the quotations from the supplier. (R & A)
- 6) Preparation of the Purchase order for the supplier. (R)
- 7) Issue the P.O. & necessary information to the supplier. (R)
- 8) Prepare the monthly schedule for the supplier & issue schedule to supplier. (R & A)
- 9) Monthly calculate the supplier quality & delivery rating. (R)
- 10) Make the record of supplier rejection & take Corrective action for the same. (R)
- 11) Review the Quality management system certification status of the supplier & maintain the record of the supplier certificates. (R)
- 12) To maintain stock & maintain the inventory. (R & A)
- 13) To approve all the quality planning document & work instructions. (A)
- 14) Prepare dispatch schedule as per customer schedule (R)
- 15) Make the category of the supplier (i.e. Raw material, Bought out, Offloaded, Service, & Consumable etc.). (R)
- 16) Prepare the monthly schedule for the supplier & issue schedule to supplier for out sourced parts. (R & A)
- 17) Monitor receipt of materials as per given schedule (R)
- 18) Hold supply in case of major N/C. Reported in receipt stage & inform to Plant Head (R)
- 19) Make the record of supplier rejection & take Corrective action for the same. (R)
- 20) To maintain stock & maintain the inventory. (R & A)
